

SICKNESS POLICY & PROCEDURES

The Shane Center's goal is to do our part to keep our participants, staff, and volunteers healthy. For the safety of everyone at the Center, please follow our sickness policy outlined below.

When you sign up for riding or volunteering at The Shane Center you are **AGREEING** that you will:

1. **If the participant or volunteer is sick, PLEASE STAY HOME.** Please do not return to the Center until the participant or volunteer is fever-free for 24 hours without the help of a fever-reducing medication.
2. If someone in the same household as the participant or volunteer is sick, such as with a fever, cough, etc., stay home or wear a facial mask to help slow the spread of any virus germs.
3. When arriving at the Shane Center and in-between classes, please sanitize or wash hands.

The Shane Center will be cleaning and sanitizing common surfaces including reins, grab straps, saddles, helmets, door knobs, snaps, etc. If you have any questions on our policies or procedures, please ask!
